

AACode® SuperTable® Installation Instructions:

Please print these instructions prior to download for your reference.

Before Installing:

1. AAcode SuperTable® is intended for use with Home or Professional versions of Microsoft Excel 2003, Microsoft Excel 2002, Microsoft Excel XP, Microsoft Office 2003, Microsoft Office 2000, or Microsoft Office XP. You must have one of these programs installed before installing AAcode SuperTable® Add-in.
2. You must uninstall any previous installations of AAcode® SuperTable® using the Add/ Remove Programs icon on the Control Panel.

To Download:

1. Click on the download button on the "Downloads" Page to get the file "AACode SuperTable Install.msi".
2. Specify a Directory on your computer to Download the File.

To Install:

1. Find "AAcode SuperTable Install.msi" on your computer using Microsoft Explorer (the directory you specified above in step 2).
2. Double-Click on the file named "AAcode SuperTable Install.msi" to start the installation.
3. The file automatically installs a Directory in your START Programs List named "AAcode."
4. In the START Menu select "AAcode SuperTable Install." This program copies the add-in files to your Excel startup directory and the Help file to your Windows Help directory.

To Use:

1. The first time you use a SuperTable Function or Macro, a status Window pops up.
2. Follow the instructions in the Window.
3. To get help: run the macro 'AAMacro.xls!Help, or select AAcode SuperTable Help from the START menu.
4. To add the macros to your Excel Tools Menu: Run the 'AAMacro.xls!AddAAcodeToToolsMenu in the Excel "Tools," "Macro," "Macros," drop down. A Pop-Up Menu is installed in your Excel Tools Menu.

To Uninstall:

1. If you added the macros to your Excel Tools menu, run the macro 'AAMacro.xls!DeleteAAcodeFromToolsMenu.
2. In the START Menu select "AAcode SuperTable Un Install."
Note: do item 1 before item 2.
3. To remove the Setup files from the START menu: use the Add/Remove Programs icon on the Control Panel, select AACode SuperTable Install, and click the Add/Remove button.
